**THIS 2023, WE STRIVE FOR EXCELLENCE**

Positivity · Alignment · Build

**KEEP MOVING FORWARD**

## Positivity

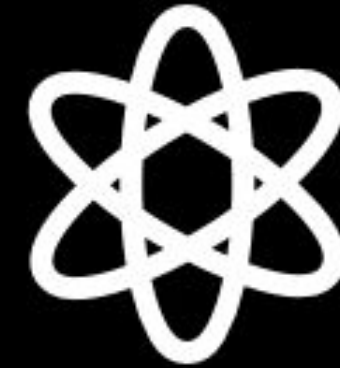

It is easy to be negative in today's market – that is why we must challenge our primitive monkey minds to not be overtaken and be a positive, a positive light for each and every one in the community to get through this, together.

**FIND SYNERGIES**

## Alignment

Navigating a bear market can be daunting, but staying true to the course is paramount. We must remain connected and united no matter how hard times may become – not just in the Handshake Community, but across all platforms in this space.

**MAKE THINGS HAPPEN**

## Build

With positivity and unity on our side, we can make the most of this market cycle – plus, who knows what heights we'll reach once things turn around! Here's to staying connected and hopeful through these uncertain waters.
